

Accessibility Report for ddd

The overall Accessibility Score for ddd is 90.8%

Things ddd does well:

- Accessibility Tab is featured on Home page
- Accessibility tab easy to find on site
- Contact number/Email address available and easy to find
- Information provided for visits with different needs
- Video on site helping with planning visits
- Audio Described versions of videos are available
- A link is provided to a online Accessibility guide

Things ddd could do to improve:

- Increase font size and use plain language
- Add alt text to images and captions to videos
- Provide information on areas with or without level access, along with any steep gradients on the website.
- Ensure that any videos included on the website in future are subtitled.
- Consider creating a 360 degree tour of the site to assist with visitor orientation and visit planning.
- Create a gallery of images which showcase the "visitor journey"™ through

each of the main areas of the venue.

-Create a Sensory Story for the site.

This can be done using Access &

Inclusion UK's Sensory Story template.
